

# 7 Pillars of Successful AI Transformation

## A Holistic Framework

- **AI Trends**
  - AI Tooling Developments
  - Competition Intel
  - Market Trends
  - Current Vendor Developments
- **AI Strategy**
  - Business Strategy & Digital Transformation Fit
  - AI Intent & Objectives
  - AI Roadmap: Use Case Identification & Prioritization
- **Organization**
  - Operational Processes
  - Change & Project Management
  - Technical Infrastructure
- **People**
  - Cultural Fit
  - Leadership Support
  - AI Transformation Driver & Ownership
  - Skills & Personal Development
- **Data**
  - Data Structure & Quality
  - Data Retention & Management
  - Data Access & Privacy
  - Data Security
- **Controls**
  - Validation of Implemented AI Solutions
  - AI Initiative ROI
  - Metric Development & Reporting
  - Quality Controls
  - Risk Management
- **Responsible AI**
  - Ethics
  - Regulation & Compliance
  - Internal Policies
